A CALIFORNIA LETTER.

Chas. Kerney Writes From Fresno, that State.

Fresno, Cal., April 5th, 1883.

To the editor and friends of the "JASPER NEWS."

As it has been some time since I have written a piece for the "News" and its readers I will now endeavor to do so.

We have been having some very wet weather of late but the last few days have been very delightful and the country has a very flattering prospect for crops this year.

I was very much surprised to hear of some of the best roads in Jasper Co. being torn up and ruined and think the only way to prevent such is to use more caution while constructing these roads and if it would not effect the roads any more than in California use broad tire wagons.

I am glad to hear that Jasper is thinking of either building a new high school building or enlarging and remodeling the present one for I who have been a student of the high school know that it is desired very much.

It is also a pleasure to me to know that a literary society has been organized in town and that so many are taking part in the discussion of the different subjects which are being discussed. As this will prove a great benefit to all who

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement; I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim". No one should fail to try them. Only 50 cents guaranteed, at Webb Bros.

A distended stomach may cause no end of trouble. When the stomach fails to perform its function, the bowels become deranged, the liver and kidneys congested causing numerous diseases, the most fatal of which are phthisis and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets.
